**MUSIC INDUSTRY REUNION NIGHT
WEDNESDAY 6th MAY 2009 METRO CITY
A night to remember as part of the 2009 WAMI Festival calendar.**

“Hey, we should catch up some time...”

We’ve all heard that somewhere before!

Well it’s been a long, lonely time coming and finally, a night is happening where the industry can get together and show their camaraderie. WA music has come a long way over the past 40 years, producing many bands and artists that have dominated our national charts and left our shores for bigger and better things. Perth has become more than a scene, it’s an industry being closely followed and taken seriously by national and international players.

This night marks the beginning of Music Industry Reunion Club where the industry at large is welcome to join [see below]. The club will become many things, from a social club for catch-ups to a support group in the further development of the music industry. One feature will be an ongoing contribution to Support Act Ltd, Australia’s music industry benevolent fund.

- Hosted by DAVE WARNER
- Special guest BRIAN CADD
- WAMI FESTIVAL HALL OF FAME new inductees
- KOSMIC 40TH ANNIVERSARY CELEBRATION
- THE STEMS
- DAVE WARNER’S FROM THE SUBURBS
- DEL ROIO BROTHERS from The Boys
- V-CAPRI
